VOLUME

The amplitude or loudness of a SOUND.

VOLUMIZED STUDENT LIFE

The students of Kennedale High School are the perfect representation of volume. They're the ones who keep this school running. As the years go on you will never forget the memories you and your friends made in high school. They're memories to last for a lifetime. The 2012-2013 school year was one of the most memorable due to all the new things going on. The students enjoyed the pep-rally's and every class from the Freshmen to the Seniors showed their spirit in order to win the spirit stick. Rachel's challenge visited our school for the first time and it helped the students become closer and to show respect and appreciation for one another. Also, we cannot forget the amazing performance of the Backstreet Boys. The 2012-2013 school year was lived and experienced with Volume and it will be a hard year to forget, because School Spirit is not just about the cheerleaders and the school colors it's about the way you show your Pride and School Spirit!

SCHOOL SPIRIT

School Spirit in Kennedale is really more than just attending pep rallies and sporting events. Its really about everyone coming together as a family and having a great time. Throughout this year it is clear that there is so much school spirit around us. School Spirit can mean different things to different people but all in all School Spirit is just what makes our school what it is and its all about us showing off our support and showing how much we love our school. School spirit is something that every school has and they all express it in various ways. Our school Spirit here in

in Kennedale sets us apart from others and makes us who we are. School Spirit can be expressed in different ways, here as you can see we express ourselves in very different ways. Sometimes through pep rallies, sometimes through hallway decorations, sometimes by coloring ourselves in our class colors or the school colors, and occasionally painting on windows. School Spirit is all what you make of it and here at KHS we make it a blast. We make it worth while here at Kennedale High School.

POWDER PUFF

Monday, October 1st, was the powder-puff game. The majority of girls signing up were seniors so we had 3 senior teams and 1 junior team. The 3 senior teams were "Mean Green" with Cody McCoy and Fred Scott as their coaches, "Blue Crush" with Trey Williams, Trei Pitre and DaShawn Drummond as their coaches, and the "Pink Dimes" with Shaun Sneed, Isaiah Revelle, and Taylor Smith as their coaches. The juniors in bright yellow were known as team "Hostile" and had Brett Wade and Brealon Schwartz as their coaches. Our referees were Coach Trantham, Coach Teague, Coach Beck and Coach Paul. Mr. Parker was our very confused but enthusiastic announcer as he tried to keep up with 4 teams playing at one

Coaches, Dashaun Drummond, Braelen Schwarts, and Taylor pose in a dramatic stance as a quick humorous break from the thrill of the game.

Tori Downes and Erin Washington pose for a quick picture after the excitement of all the powder puff games.

DANIELLA: "It was a fun and memorable event that i will always remember. Go Pink Dimes!"

FOUAD: "You're welcome"

RYAN: "Being captain of the powderpuff cheerleading squad opened my eyes to a whole new world."

time. Chick-Fil-A and No Frills Grill sponsored the game; Chick-Fil-A even sold Chicken sandwiches at the concession stand which were a huge hit and towards the end of the night they completely sold out. Our cheerleaders, in Mr. KHS T-Shirts and tutu's, kept the crowd rolling with their cheers and their stunts. Their unique stunts included doing push-ups in the endzones, Ryan Holland doing the worm, and their failed pyramid. In the end, Hostile won first place, second went to Mean Green, third was for Blue Crush, and fourth was the Pink Dimes. But it wasn't about winning for these girls. Everyone had a terrific time and plenty of money was raised for prom.

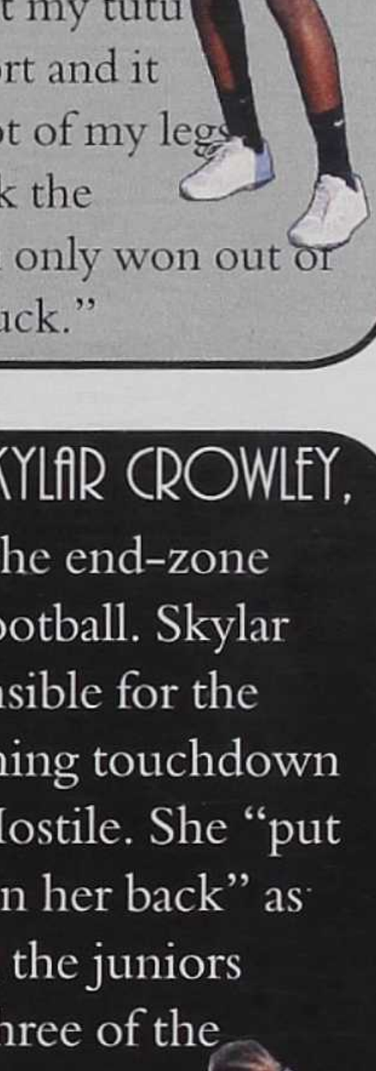

Coaches, Cody McCoy and Trei Pitre crouch down on the sidelines on edge as the game gets more and more intense.

CHEERLEADER, LEO FAIR, cheers the powder puff ladies on. Leo was a very enthusiastic cheerleader with his short tu-tu and his big sign reading "clap your hands!" and on the back, "shake your shakers!" Leo then says, "Cheering for the powder puff girls was really fun and i loved doing the pyramid but my tutu was too short and it showed a lot of my legs. Also, i think the junior team only won out of beginners luck."

JUNIOR, SKYLAR CROWLEY, sprints to the end-zone with the football. Skylar was responsible for the game winning touchdown for team Hostile. She "put the team on her back" as she helped the juniors defeat all three of the senior teams. Skylar says, "I hate losing so when the juniors were down I was really hoping for a chance to come back. Whenever the opportunity presented itself, I am glad I was able to take advantage of it and help my team win."

PLAY FOR THE CURE

As we all know, October is breast cancer awareness month. Breast cancer is the most common cancer in women today. On October 12, 2012, we had our annual Play for the Cure games and fundraiser; the KHS volleyball team raised two thousand dollars for the Susan G. Komen foundation. The volleyball girls chose to wear pink headbands and socks to show their support during the game. At our annual pep rally, student body showed respect by wearing pink in honor of those affected with breast cancer. The senior class surprised everyone with flash mod dance of Oppa Gangnam Style dance

The seniors class screams from the top of their lungs for the traditional battlecry at the end of the pink out pep rally.

which included Mr. Matuni, Coach Paul, Mr. Young, Mr. Oktay and Coach Woodard. Later that night at the football game the survivors and their loved ones ran out on to the field as everyone stood and applauded them for their bravery. The students who participated were great in number and in heart. The wildcat football team showed us they can help support by wearing pink shoe laces, pink sweat bands, and everything in between. Some people look at Pink Out as just a game with a pink theme, but here we see it as an opportunity to help save lives and make a difference. We've took something that is heartbreaking and unfair and turned it into a community wide tradition.

HOMECOMING WEEK

October 15 was the start of our long-awaited homecoming week. We start off with American Day to show our school's pride. Students dressed up with American flag shirts, shorts, shoes and even face paint. Fouad Ali dressed up with 19 shirts under a red Chick-Fil-A shirt with suspenders to show off the more redneck side of America. October 16 was our tacky tourist day. Everyone dressed in silly outfits with big Hawaiian shirts and cargo pants. October 17 was Character day, out of everyday this one most students dressed up for. Color day had everyone in tu-tus, morph suits, mums and guarders. In the end, it was a very successful homecoming week, the seniors, as tradition would have it, won the spirit stick with their remarkable school spirit with the Olympic hallway, the juniors came in second place with their outstanding hallway of Super Mario Bros, sophomores with their underwater theme came in second, and freshmen with something came in last place. Even with all the competition everyone managed to have fun. This will definitely be a week to remember.

The football team went against Diamond Hill and having a Wildcat victory with the ending score of 83-0. RACHEL'S CHALLENGE

WHAT IS RACHEL'S CHALLENGE?

Believe it or not, 160,000 students don't come to school everyday because of bullying. The mission of Rachel's Challenge is to turn the tragic shooting at Columbine High School into a mission for change. Rachel's challenge is a series of student empowering programs and strategies that equip students and adults to dissolve bullying, creating an environment of kindness and compassion. This program was based on the writings and life of 17 year old Rachel Scott, she was the first student killed at The Columbine High School shooting in 1999.

After the Rachel's Challenge Assembly students were given the chance to autograph the poster to show their acceptance of the challenge.

During the weeks leading up to Rachel's Challenge, The student of Peer Mediation wrote positive and empowering note and chained them together. These chains were hung around the school symboling a CHAIN REACTION.

Don't put limits on what I can do I have faith, why cant you I wanna show the world what I have I wont be labeled as average!

-Rachel Jill Scott

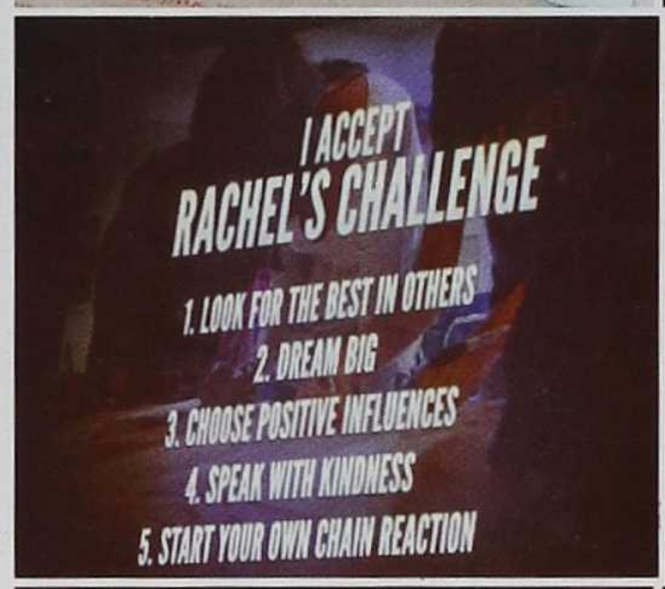

The effect that Rachel's Challenge had on our school was unexplainable. November 14 was one of the most emotional and memorable days for our school. Students began to understand the effect of bullying and how it impacted not only the ones being bullied but the people around them. Our KHS peer mediation team worked long and hard for this amazing program. They decorated the school with long chains and signs that read " You just might start a chain reaction". Thanks to the Rachel's Challenge foundation and to the KHS peer mediation team maybe this will be an eye opener for not only our school but also to the community , that the spread of kindness and the stop of bullying can and will save lives.

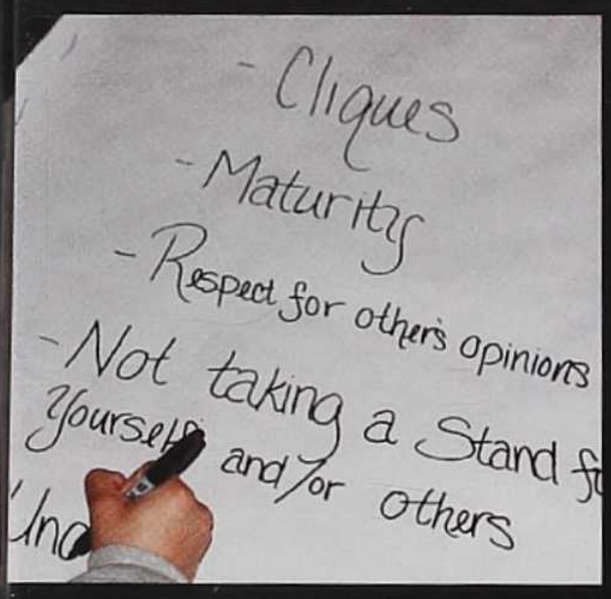

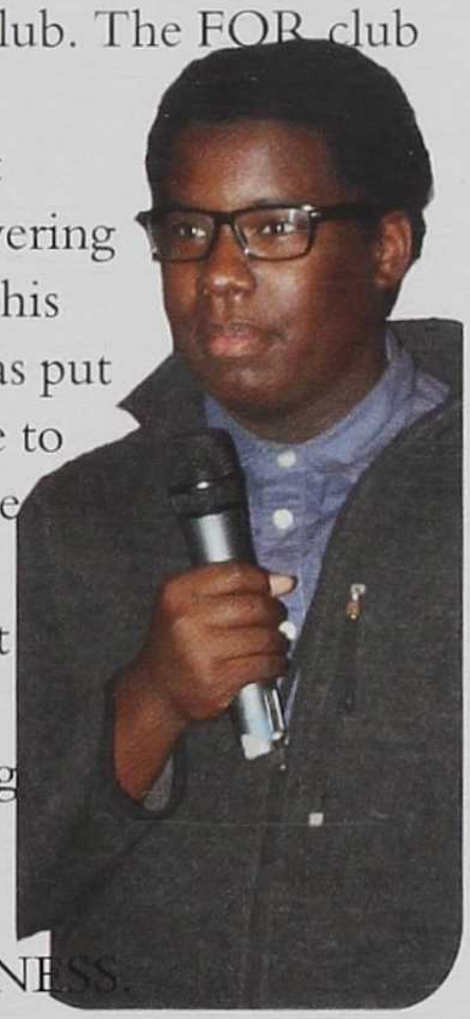

During Round two one hundred students were split into groups and asked to come up with things that needed to change in our school.

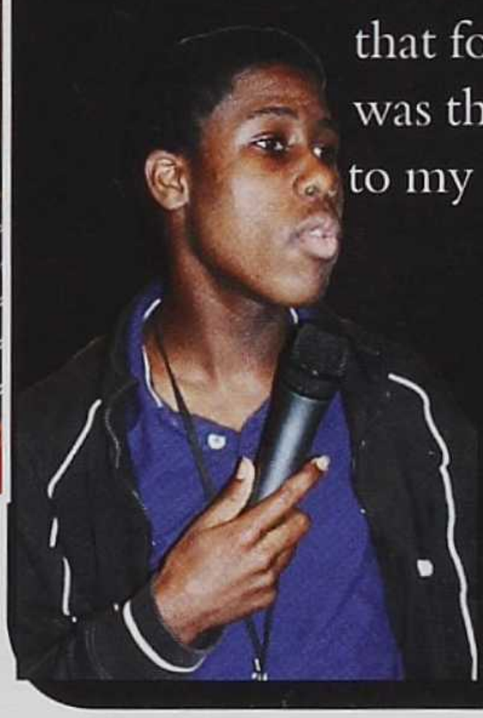

In round two of the Rachel's Challenge students where given the opportunity to share the impact that Rachel's challenge had on them, they also had the chance become a member of the FOR club. The FOR club is a student empowering club. This club was put in place to decrease the amount of bullying and spread KINDNESS.

"I have a theory that if one person will go out of Their way to show compassion, then it WILL start a chain reaction of the same."

-Rachel Joy Scott-

When Terence Bernard was asked how he felt about this quote, he responded: "Love was the key to my heart, but the Kindness , that followed was the key to my soul.

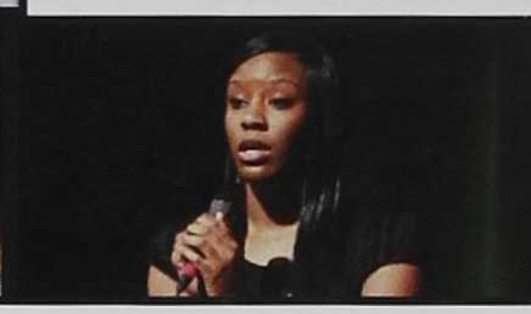

TALENT SHOW

Our annual talent show was packed with singers and dancers. These brave students preform on stage to impress the judges and their peers. VOLUMIZING FASHION

Although we have a strict dress code here at Kennedale High, students still put their own spark into the clothes they wear. From shoes, jewelry, sweaters, and make-up, even the littlest accessory can turn a dull outfit into a new and improved one . Every year there are new trends that people follow. The 2012-2013 school year was a big year for the fashion world. Thrifting was a huge trend along with bright colors, high waisted shorts and "90's fashion"! There are many different fashion categories from vintage to edgy, classy to country and everything in between . Kennedale students come together in expressing themselves in the unique way of fashion. Certain students go above and beyond everyday in making themselves look photo ready. "Shoe Swag" was another popular trend followed by our school. Here at Kennedale High School we have kids who take responsibility but still have fun too. Balancing school, sports, clubs, homework, and a job all at once can be tough. Not everyone can do it, but these students manage to do it all. These jobs are cool and interesting. We had so many to choose from but we couldn't do them all. We have students who work at places like chiropractic offices to restaurants like Mimi's Café. These students work all over. The jobs go from Kennedale to Arlington then to Mansfield and Fort Worth so they can make a little extra money to go on dates, concerts, movies, or even have enough extra money for off campus lunch. CARS

This year marks the second year that students were allowed to create their own personalized painted parking spots. Students came in flocks a few weeks before school started to get down and dirty in the paint in hopes of creating the perfect parking spot. Painting parking spots is just one way that the students can express themselves and have fun, while also showing school spirit. Most students put their names on their parking spots, along with some of there favorite symbols or phrases that describe themselves and interests. A handful of students chose to use bible verses and many students showed off some of their favorite sports . Every personalized parking spot is unique, just like all the students have put in to making it their own.

STUDENTS, ADDING VOLUME, one day at a time. Here at Kennedale we are filled with many unique, diverse students. These students strive to achieve success by filling the classroom, eager to learn. Our teachers express their volume of school spirit by giving every student the opportunity to reach for the stars and head off to college to chase their dreams. Volume defines these four grades of students due to their enthusiastic school spirit. Things like KAT points motivate students to attend school related events. But even without that motivation these student are still very actively involved in their school. These students are the reason our school is so successful. With our wonderful staff to guide the students there is nothing we can not accomplish.

That's how we do it in the 'Dale.

SPORTS WITH VOLUME.

Volume is the degree of loudness of a given sound, which perfectly describes our Kennedale students who raise the volume every chance they get. Hard work, dedication and the support of family and friends is what keeps these athletes motivated during the game. the true fans that are there when its raining or when we lose or when the game is too far away, the ones not on the bandwagon, but go because they love the sport, the athletes and the game. They represent volume. Without them, our athletes wouldn't have much of a reason to play. For the Kennedale Wildcats, its not about winning, its about raising the VOLUME so everyone knows about the WILDCAT WAY!

CROSS COUNTRY

Cross country running is a sport in which teams and individuals run a race on outdoor courses over natural terrain. The course may have surfaces of grass and dirt, pass through woodlands and open country, and include hills. Weather also greatly affects their running. So these students don't have it easy, cross country isn't about running, it's about endurance. The students practice everyday to run a courses against many other students. In one race, Macee Price finished a 5k with a time of 23:25:27 placing 6th out of 66 girls. At the Texas Wesleyan Opener our Ladykats put their best foot forward and amazed everyone by placing first as a team with four of our girls ranking in the top 10. The first place finisher, who achieved 3rd place overall is sophomore, Macee Price who finished the 3200m in 13:42. Newcomer and freshmen, Taylor Pavey finished 8th overall with an accomplished time of 14:55. Our wildcats are also very hardworking athletes. In the boy's district meet, senior, Johnny Mercado, finished with a time of 18:34, he placed 7th in district. Junior, Dan Gonzalez, finished with a time of 18:56 and he managed to place 12th in the district meet. Pryce O'Brien finished with a time of 19:11, Tyler Charbono finished with 19:52 and right behind him, Keith Schake finished with a time of 20:04. These talented students can balance Cross Country and school work and they deserve the most recognition for that. Coach Woodard and Coach Strange have an amazing cross country team who are dedicated and motivated to work hard for a sport they love. "#District"

Johnny Mercado- "Johnny lead by example and helped to take the boys team to the Regional meet. His passion and never-give-up attitude will be missed." - Coach Strange.

"Nicole Charbono- " As a new coach to Kennedale, I really appreciated the senior leadership of Nicole. She was able to help keep the veteran team members together as I focused on building the program. She came back from injury to help the girls Varsity team qualify to regionals. Her drive, passion, and dedication will help make her a successful lady in life."

Mackenzie Bay- "She was quite a fireball to coach. She was having a mild asthma attack at the Midlothian Meet, but she still finished strong to help the Varsity title. She will be successful in whatever path she chooses.'" -Coach Woodard

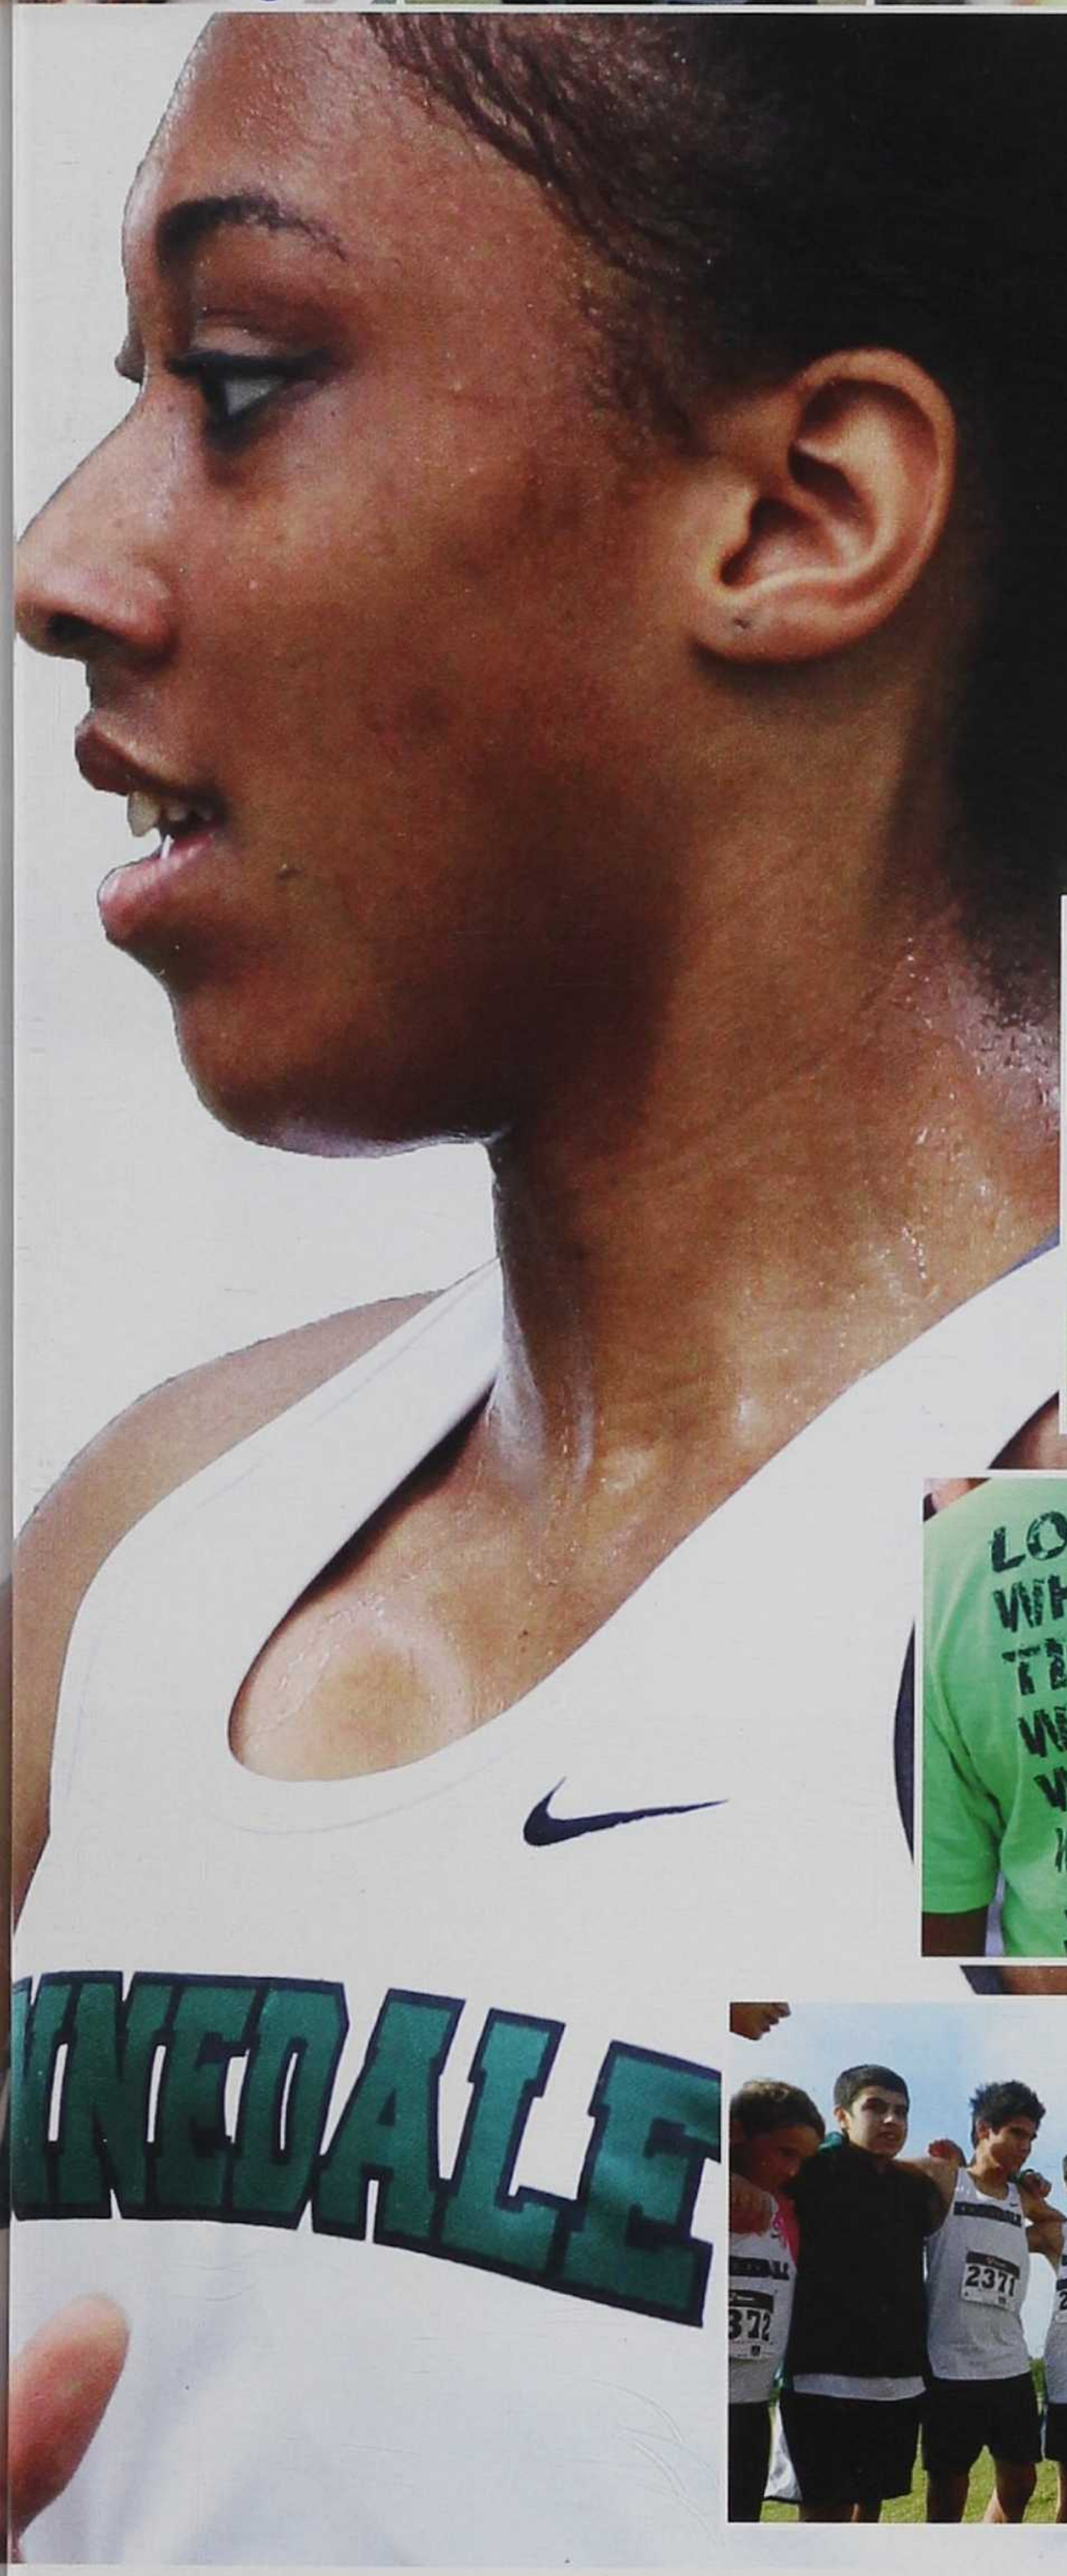

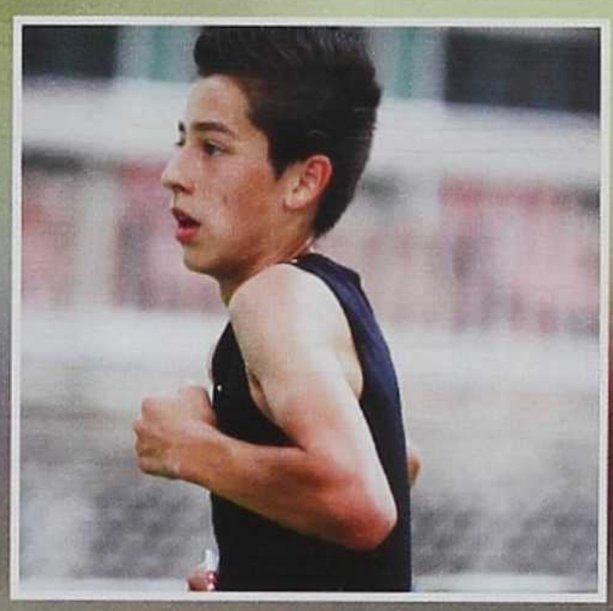

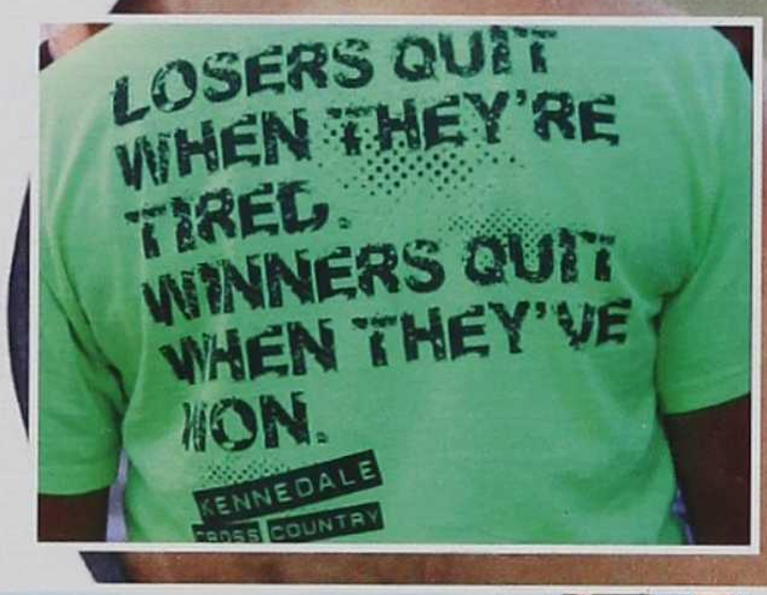

SENIOR, ALEX ARELLANO

VOLLEYBALL

The 2012 Kennedale High School volleyball season was an exciting one. With only 4 varsity players returning from 2011, there were a lot of new faces on the squad. The LadyKats played in 3 very strong tournaments: Mansfield, Prosper, and Argyle. There were many excellent performances by all members of the team. The LadyKats grew stronger and more consistent as the season progressed. They finished second in district 6-3A, with an 8-2 recored. The overall recored was 21-20. The LadyKats played Burkburnett, at Bridgeport HS, for their first playoff match. They won that match 25-19,25-19,25-17,25-13. The second match was against the Stephenville HoneyBees. The LadyKats fell short in that match ,20-25,15-25, 13-25. It was a very successful season for the players and coaches.

CHEERLEADING

The Kennedale High School Cheerleaders have had tons of fun and have done so many outstanding things throughout the 2012-2013 school year. The cheerleaders have cheered at every football game and pep rally and have done such an awesome job! Every pep rally is always entertaining because of the many different routines that the cheerleaders do for us each time. Our cheerleaders train hard for the National Cheer Association. The KHS competitive team went to NCA nationals this year and placed fifth out of twenty-five overall throughout the two-day period. Twelve talented cheerleaders trained for several months for a routine that only lasted two and a half minutes. The cheerleaders that competed were Amber Bishop, Nicole Charbono, Courtney Doyle, Katelynn Dunham, Anali McLaughlin, Danielle Hedglin, Madison Moss, Jazzy Owens, Jamil Pearson, Nicolette Rangel, Kennedi Sipho, and alternate, Hannah Dunn. This year at nationals the KHS cheerleaders were awarded with a pennant for tumbling which means that they are now ranked as one of the best. Our cheerleaders here at KHS are probably some of the most spirited people in this school. They always seem to get everyone in such a pumped-up mood at each and every pep rally. This year the cheer captain is senior Daniela Ramirez, who always does such an amazing job at every pep rally and football game as does the rest of the squad. In the end, the KHS Cheerleaders encountered so many challenges along the way, but overcame all of them with determination and amazing teamwork.

DRILL TEAM

The 2012-2013 year was a success for the Kennedale High School Aristokats. The Aristokats started and finished the year with a bang. They really wowed the crowd with their outstanding routines. Plus their bright and flashy uniforms had everyone turning their heads to stop in watch them during halftime at football games. They got the whole student body hype during pep rally's with their excellent choice of music and good dancing skills. Every time we saw the Aristokats, they always had tons of energy & a smile on their faces. We don't know how they do it but they do it well.The Aristokats are a great way to represent Kennedale through dance. The officers for this year are Captain Aja Guyton, Lieutenant Kaila White, and Lieutenant Lianna Rodriquez. The Social Officers for this year are president Kelsi Haynes and Vice President Breanah Williams. We our glad to have them as our own & their lovely coach Mrs. Hatcher.The drill team attended Raising the Barre Dance Camp in August where they learned five customs football routines and three pep rally dances. These ladies had an extensive daily schedule. Aja Guyton made the All-Area Dance Co. Kaila and Kiana Fields made the All-Area Kick Co. The drill team practices eight hours per week and must maintain 70 or above on all grades. These ladies work very hard to learn their dances and improve on their technique daily. The drill teams schedule does not stop after football season. They also dance at some of the district basketball games and attend competition. The drill team finishes off the year with a Spring Showcase. The drill team hosts a Junior Dance Camp every year to help raise funds to attend contests. The dance camp is for girls from kindergarten up through 6th grade. These young ladies get to perform at a home basketball game along with the drill team. The drill team also performs at several community events and parades. The 2012-2013 KHS Aristokats did well this year.

COLORGUARD

Colorguard isn't just about twirling flags and preforming with the band, it is also about building friendships and becoming a family. They started practice in the beginning of August and had to battle with the burning sun all day while they were outside. They had to deal with 3 hour practices after school and having tons of homework afterwards. They don't just practice in practice, but they spend their free time twirling in their front yard, back yard, and anywhere else possible.They also did a fantastic job fighting through their tears and injuries during practice and getting into character during competitions while performing at the 2012 show, Medusa. In the Midlothian Marching Showcase, they got 2nd out of 28 other colorguards. In the Princeton Marching Festival they received best colorguard of the day out of all the 3a schools. After getting a first division in UIL and second in Area, they qualified to compete in the Texas 3A State Champions that were held in San Antonio and placed 12th in Texas with the Kennedale Wildcat Marching Band. They also spend their Friday nights supporting the football team and performing during halftime. This years captain was senior Amanda Sikes and the lieutenants this year were junior, Sarah Beggs and sophomore, Emma Reed. With the help of their choreographer, Mrs. Lacey McGowan, they had a terrific and successful year. Congratulations Kennedale High School Colorguard!

MANAGERS, STAT GIRLS, AND TRAINERS

Managers are student athletes that dedicate some of their time to volunteer to help out with the teams. They make sure all of the athletes are hydrated. The tasks that managers do depends on what sport they are volunteering for. The managers of drill team carry out their equipment onto the field each time they perform. The managers of tennis carry out the tennis ball machine to help the players practice. Overall, all managers make sure all the athletes can perform or practice and are well taken care of. They are many new stats girls this year. We have more than 15! Stat girls record all the stats during baseball games. Without stat girls, baseball players would not know the statistics of each hit. Knowing the stats help the players improve.

April Uriostegui, Bethany Boyd, Brandi Simmons, Cheyanne Hull, Daisy Cooper, Dakota Harrison, Haley Lynch, Kassidy Calhoun, Keyera Sipho, Marisa Ortiz, and Tiffany Ferguson are the athletic trainers this year. They have to go to every single game to bring water and to aid the athletes if they are injured. They are also CPR certified. Among many of their responsibilities, making sure the athletes are taken care of properly is a big one.

SENIOR, MIRIAM AGUIRRE

"I'm so thankful to have been a stat girl for the past three years. I'm thankful for having the best couches anyone could ever ask for. Being a stat girl is the best thing ever. I wouldn't change it for anything. Baseball is my life."

SENIOR, COTY SMITH

"Being a manager has allowed me to be involved in the basketball program without getting all sweaty!"

The 2012-2013 school year at Kennedale High School was one of the most memorable years in the schools history. Excitement was provided throughout the year thanks to the dominance that our team sports displayed, as well as all the buzz which surrounded prom and graduation. This year Kennedale High School has been through some really high and mighty times, but it has also seen some struggles and disappointments. Supporting sports teams, the band, choir, and even showing up to call for an encore at theater performances, it was no secret that school spirit was on full attack. The Senior class of 2013 played a huge role this year. They will go down as one of the most fun, exciting, and athletic classes to come through Kennedale. Not only was this class always fun to be around and a positive role model for the lower classes, they were also some of the most spirited people in the school. Seniors came out to support all of their fellow Wildcats and Lady Kats in whatever they succeeded in. Once again the community pulled together and they as well showed their wildcat school spirit.There were some great events led by the PTA including the Wasted Program and any other programs they did. Our school and community turned the volume up for this years school year!

CLUBS AND ORGANIZATIONS at Kennedale add VOLUME to the school. Students all come together to accomplish a greater goal. Kennedale has a total of 28 different clubs and organizations. From Student Council that helps out the community any way to Green Club who help to clean up the environment. Peer Mediation provides student-to-student mediation to help solve problems. "You may start a chain reaction..." is the motto for a new club at Kennedale F.O.R., their goal is to prevent bullying by reflecting on the life of Rachel Scott. Spanish Club has grown tremendously from last year allowing students to take their Spanish knowledge to the next level. Some of the most artistic people at Kennedale High School are apart of Art Club. Anime Club embraces the Japanese comics that have become quite popular. Philosophy Club members enjoy looking beyond what is seen to discover new thoughts on questions about the world. Organizations such as band, choir, and theater add to the diverse extra curricular activities. Students work hard to be apart of all the great clubs and organizations at Kennedale

These die-hard sports fans come to every game to cheer on our athletes, whether its 30 degrees outside or 104 they are at the stadium with full hearts and a powerful scream.

BAND

The Kennedale High School band has had loads of fun throughout this 2012-2013 school year. There are two different bands here at KHS Symphonic and Concert. This year the marching band reached the state level and placed twelfth overall. They go on many different trips to compete in competitions, and the Kennedale High School Marching Band marches at every football game and does an outstanding job. The KHS band is like one big happy family and when put together they sound amazing.

We've been blessed to have had the gift and the opportunity of watching you grow from an incredibly cute, entertaining, and funny little princess into a beautiful young lady. It seems like only yesterday you were a busy inquisitive little girl attending scary movies with your dad. Soon, you will be heading off to college. Though it may seem to you that it's taken forever to reach this point, it happened much too quickly for us. Although we will miss you when you leave, we are happy and proud that you are so well prepared and dedicated to God and to your dreams. You contantly challenge your mind, your body, and your soul, all with grace, humor, and kindheartedness. Congratulations!

We love you! Dad & Mom

Cockrell School of Engineering

People ask what am I going to do when you graduate because it is obvious to everyone that ours is more than just a typical mother daughter relationship. We have been there for each other. We trust and support each other. Of course I am going to miss our roadtrips, shopping trips, coffee runs, foodie adventures and just sitting in the car on the driveway because we would just rather be there, together, talking, in our little bubble, undisturbed. But part of being a parent is knowing when it is time to let your fledgling leave the nest and for that you are more than ready...it is time...it is your time. Of course I am also proud, I mean lets face it, anyone would feel lucky and privaledged to have you as a daughter. But I am not going to focus on what will be ending. I am focusing on what will be starting. I cant wait to see what you will do with this next exciting new phase of your life. Thank you for being you.,

Dakota Cheyenne.....We are so very proud of you. You have grown into such a caring, sensitive, and beautiful young lady. We have been so blessed to have you in our lives. I could not have custom ordered a more amazing daughter. It's not going to be easy letting go of our "Kotabear". However, we are confident that you have the intelligence to make wise decisions, the humility to ask for help when you need it, and the confidence to embrace your hopes and dreams.

It is important to remember to be grateful for the "speed bumps" in life. Always remember...every second counts...every moment matters...and every person we cross paths with, makes us who we are and brings us to where we are meant to be.

Congratulations our sweet sweet Kotabear!

You have grown from an absolutely precious and shy little girl to a gorgeous, confident, and outgoing young lady that we are so very proud of. God has given you more than you need to be all you can be! Spread your wings and soar! Love you to the moon and back, Mom, Dad, Maegan, and Jonathan

Taylor Smith & Shawn Sneed

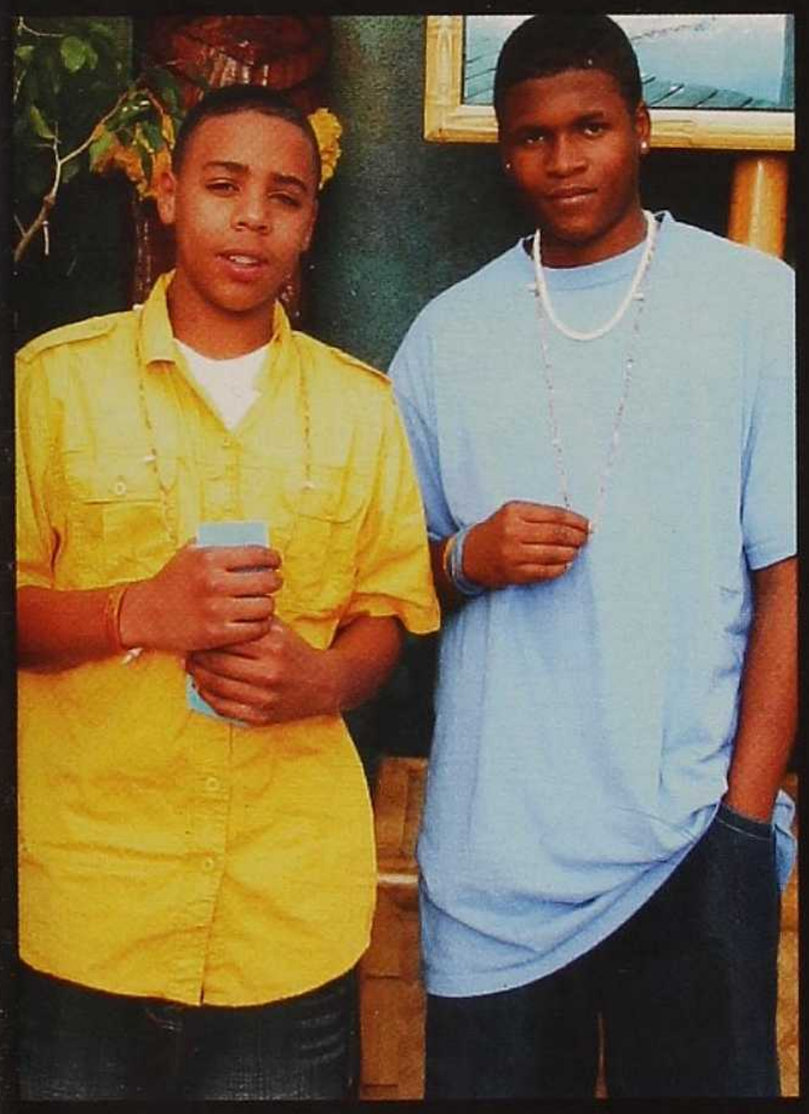

It is with great honor that we give you wings! Take what we tought you along with the wisdom of God and fly. Be proud of you and remember that your God is bigger than anything or anyone who tries to break your spirit!

Proverbs 23 : 18-19
"there is surely a future hope for you, and your hope will not be cut off. Listen my son and be wise, and keep your heart on the right path."

The Kennedale Yearbook staff would like to send a big thank you to everyone that helped make this book possible. Our principal, Ms. Whatley, for her patience and support. Our teaching staff for letting us continually interrupt class to take pictures and interview students. Our students, for always being ready for a picture, taking surveys, and going out of their way to help us out. Without you, we wouldn't be able to have this yearbook every year. The 2013 Wildcat Track Yearbook, Volume 63, was printed by Herff Jones located in Fort Worth, Texas. The yearbooks were sold from $50 to $60. For an additional $6 each,book covers were personalized with names and logos. The 8.5" x 11" book contains 176 pages and was printed on 100 pound enamel paper. The Wildcat Track was produced digitally using Herff Jones and Adobe Photoshop CS5. The standard type style was AHJ Bergamo, AHJ Plaza .

GlamourCraft Studios of Fort Worth took all students portraits,athletic team pictures and organization pictures.GlamourCraft also took photos at homecoming and prom, All photographs were digitally captured. Copyright 2013 Wildcat Track.
